New State Assessment

Students in grades 3-8 having been getting ready to take the new Maine Educational Assessment (MEA) in Mathematics & ELA/Literacy developed by the Smarter Balanced Consortium. This test is different from the paper and pencil NECAP students are used to, but similar to the NWEA tests students take using computers or iPads. Students will be taking these tests between May 4th & May 22nd. It is extremely important that students be well rested and at school on time each day, as they will lose valuable instructional time if they are pulled from classes to make up testing due to absences.
